The new series The Legend of Korra takes place 70 After avatar: the legend of Aang. Korra comes from the tribe of South Water and has dominated the earth, fire and water. And now the son of Aang and Katara, Tenzin will be his master air, Tenzin has three children, Jinora (El Mayor), Ikkī (The medium) and Meelo (the Globe), all dominate the air and his wife Pemma. One of the definitions of history is Republic City. Á «inhabited by people from the four nations.» With three of the four elements already dominated (water, land and fire), Korra goes in search of the domination of its last element , the air, since in the last series, Aang is the last master of the air. With three of the four elements already dominated (water, land and fire), Korra goes in search of the last element of him, the air.
